- Available on request

SUMMARY

I am a passionate coder and problem solver with a flair for bringing ideas to life through elegant, efficient code. As a full-stack developer, I thrive on the challenge of crafting seamless user experiences from frontend to backend. My journey in tech has been driven by curiosity and a love for learning, constantly pushing me to explore new languages and frameworks.

WORK EXPERIENCE

Univelcity   **Feb 2024 - TILL DATE**

Full-stack Intern

- Develop user interface features using HTML, CSS, Javascript, React.js, Next.js, and Tailwind.
- Participate in the entire software development lifecycle, from the idea formation stage to deployment.
- Collaborate with senior developers, learning best practices and understanding software architecture.
- Engage in code reviews to improve my skills and learn from experienced team members.
- Work on some projects and features on a larger application to build my portfolio
- Use version control systems like Git and collaborate on platforms like GitHub.
